

Tenant Insurance

What's covered?

Renters seem to expect tenant insurance to be expensive and often put off purchasing insurance for their belongings. The truth is an insurance policy for a renter is extremely affordable. It's important to purchase coverage as it insures all of your belongings (clothing, electronics, furniture, toiletries, kids toys etc). Even if you feel you don't own much, it can quickly add up to a lot more than you realize; and a lot more than you'd want to pay to replace everything. Below is what's included when you purchase a policy. Buying is as easy as 1, 2, 3!

Personal Property Coverage

Limit of insurance decided by tenant.

Additional Living Expenses

This provides coverage for the extra costs of temporary housing, food and more if you are forced out of your home because of a claim.

Liability Coverage

Provides coverage if you accidentally injure someone or damage the rented property.

If you are considered at-fault for a property loss such as fire, you may be held financially responsible for damages related to that loss.
